

Guest Wireless Network Access

The following instructions are provided to assist Dewberry's guests when connecting to the guest wireless network. Please note, that due to the multitude of devices in use, these steps are generic. If additional help is required, please contact the Dewberry helpdesk at 703.849.0530.

Step 1:

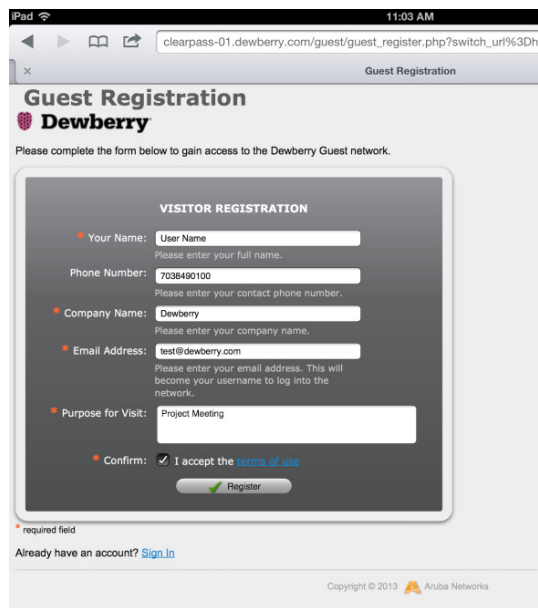

Access your device's **Wi-Fi settings** and select/connect to the SSID "**Gemini.**"

Step 2:

Open a **web browser** and access any page.

Step 3:

Returning Users: If you already have current, valid account, please enter your credentials in the "**Existing Guest Login**" boxes.

First-time Users: If this is your first visit and/or you do not have a current, valid account, please click the "**Need an account?**" link at the top of the page. This will bring you to the **Guest Registration** page.

Step 4:

Please enter **all information** making sure you provide a valid email address as this will become your username. All fields are required and you must agree to the terms of use before continuing. When all information has been entered and verified, click the "**Register**" button.

Step 5:

You will receive a **Guest Registration Receipt** with your username (email address) and password. Please note your account creation and expiration date/time. All accounts are valid for a 24 hour period. If you would like your credentials emailed to you, click the "**Email receipt to**" link at the bottom of the page. Otherwise, click the "**Log In**" button.

Step 6:

You will be redirected to the "**Existing Guest Login**" page to connect to the guest wireless network.

Need more usage time?

If you require a greater usage window than the default of 24 hours, please contact the Dewberry Helpdesk at 703.849.0530.
